

# Calgary Christian School

## Join us on a journey 2009 - 2010

God's faithfulness to Calgary Christian School has been evident every day for over 50 years. We are so thankful for each student that walks through our doors and experiences the blessings of a Christian education. With each increase in enrollment, we have the opportunity to offer a wider variety of programs, but we need your support to make certain that we have the facilities and equipment necessary to provide them.

Renovations and improvements to our facilities will allow us to ensure the learning environment continues to contribute positively to the education of our students. A variety of items including additional classrooms, basic facility upgrades, and accessibility are immediately necessary. Projects such as cafeteria space, enhanced athletic facilities and skilled trades training areas are planned for the near future.

Expansion of the school's information technology, specially trained teachers that teach from a Christian perspective and programs that are rich in experience, designed to integrate Biblical truth, will directly impact our students on a daily basis. There is an opportunity to contribute to financial assistance for students who would not otherwise be able to attend CCS. We also have an ongoing commitment to manage our financial obligations in a responsible and God-honouring manner.

Simply stated, we require the financial commitment of our parents and supporters to initiate these projects, and reach this year's goal of \$100 000. The long-term improvements will take place over several years and will require ongoing commitments.

We hope that with the increased affordability of our programs that more parents and supporters will see the value in contributing to the distinct efforts that equip our students to become responsive citizens of God's kingdom. It is through the generosity of our parents and supporters that capital improvements, program enhancements, integration of Christian perspective, management of our debt and investments in the future of Christian education are possible.

We ask you to prayerfully consider your ability to contribute financially to the immediate and future needs at Calgary Christian School. Please return the pledge form below with your donation to the Development Office in the envelope provided; please add your name to this form if the original label does not appear on the reverse.
