

CCS School Council

October 22, 2018

Calgary Christian School Council's primary focus for the 2018/19 school year is teacher well-being. We would like to make a positive impact on the well-being of our teachers and would like to ask all parents to think about what we can do together to positively contribute to teacher well-being as it directly impacts school success. Today we know that happy teachers equates to happy students, but we also know that today's teachers are experiencing high levels of stress due to workload, workplace conditions and climate, and expectations.

We are asking parents to make **1-3 suggestions** and email them to the School Council Chairs by **Friday, November 2nd:**

Secondary Campus Suggestions Josephine Tite at jtite@shaw.ca

Elementary Campus Suggestions Michelle Zuk at michellezuk@hotmail.com

Please consider how you believe we can make a difference in teacher well-being in the following areas.

- Teacher Engagement
- Teacher Development
- Social Support
- Teacher/Parent relationships
- Mindfulness
- Emotional Support
- Spiritual Support
- Other

Your suggestions will be shared at our next School Council meeting where we will decide how to allocate the funds we have for this very important initiative.

Thank You,

Josephine and Michelle

Chairs of CCS School Council
