

# INTRODUCING:

# Christina O'Brien

CCS Elementary Division 2 Music

## **What do you like to spend your free time doing?**

Shopping, working out, and running. What are your hobbies? Gardening, baking, writing music... I also got into loom knitting last winter. I sporadically get into DIY projects such as painting, or refinishing old pieces of furniture.

## **What is your favorite store?**

Lululemon. It fits in well with how I like to spend my free time!

## **What is your favorite restaurant?**

I really enjoy cooking homemade meals, so we don't go out very often. If we are going out, I do like the cozy feel at The Italian Farmhouse in Bragg Creek.

## **What is your favorite time of day?**

Mornings. Definitely mornings.

## **What is your favourite colour?**

Pink. It's just such a happy colour:)

## **What kind of music do you enjoy to listen to?**

I listen to quite a mix of music: christian, pop, r&b, country, and more. Just no screamo metal music. Lately we've been listening to a lot of soundtracks from musicals at my house too.

## **What was your favorite movie?**

The Sound of Music. I know it's a totally cliché music teacher answer, but I really do love it. Julie Andrews was phenomenal.

## **What is your favourite book (or genre)?**

Hmmm. I can't remember the last time I had time to get into a novel! I used to enjoy reading Nicholas Sparks' novels before I had my own kids. I enjoyed listening to the audio books of "The Prince Warriors" series by Priscilla Shirer with my own children.

## **What is your favorite food and/or treat?**

I love any meal with pineapple added to it. You can add it to almost anything! Favourite treats would be unsweetened dried mangoes or air-popped popcorn with extra butter.

## **What is your favorite season of the year? Definitely summer!**

## **Do you enjoy coffee and/or tea or neither? How do you like it (cream, milk, sugar, etc.)**

I love extra strong and extra hot whole milk lattes. For how I like to drink them, can I say "often?" I finally bought my own espresso machine after spending waaaaay too much money on flat whites at Starbucks during many years of teaching!
