

Learn,
to shape God's world.

Thank you for considering Calgary Christian School.

Calgary Christian has provided faith-based education through a community of dedicated teachers, parents, administrators, and life-long supporters for more than 50 years. Today, our two campuses serve more than 900 students in Preschool through Grade 12, representing more than 100 churches in the greater Calgary area.

Calgary Christian School (CCS) operates as an Alternative Program within the Palliser School Division. Our parents are members of the Calgary Society for Christian Education (CSCE) - the "Society" that works in partnership with Palliser to deliver our Christian education program.

What makes us an "alternative" to other learning environments?

- We provide an excellent Christ-centred learning experience, where God's Story of love and redemption, as told through the Bible, is integrated into every part of the Alberta Curriculum
- We joyfully acknowledge and celebrate His sovereignty in all things, exploring more fully each day His design for our lives
- We not only educate but also spiritually nourish the whole student - intellectually, emotionally, physically, socially and artistically.
- We believe strongly in Christian community, and operate in partnership with home and church to more wholly develop each child.
- We recognize that parents are an integral part of Calgary Christian School - their intentional participation is vital to the well-being of our students and to the delivery of a distinctly Christian learning experience.

Be sure to check out the CCS Learning Experience, which clearly lays out the priorities we use to shape an affirming, Christian learning experience for every child. At any time, feel free to contact us with your questions about CCS or the admissions process.

Thank you, again, for considering a Christian education alternative for your student(s) at Calgary Christian School. We look forward to hearing from you soon!
